Redcliffe Car Boot Sale

Aug 24 @ 0800 – 1500 hrs

Dawn Patrol Report

- Chris VK4YE

Lower numbers than usual - can't blame those who have to brave the morning chill to walk to an outside radio shack. This is a great argument for having a station in the home.

Editor's note: Then again, making contacts in adverse conditions may inspire one to get the most out of it. Often we remember those events more so than the norm.

Tuesday-Net Report

DIGITAL MODES

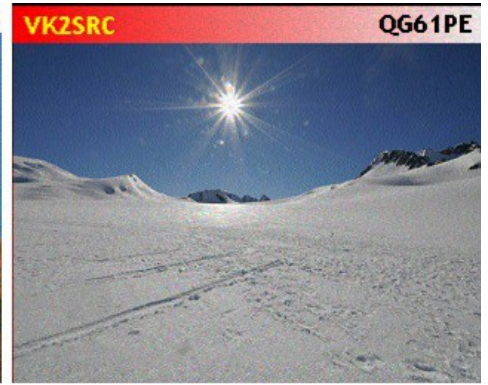

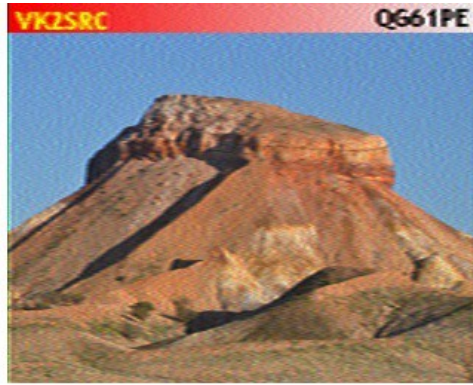

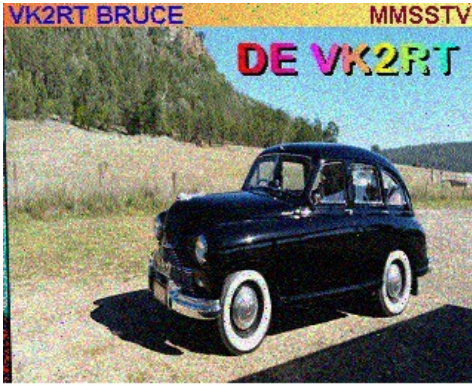

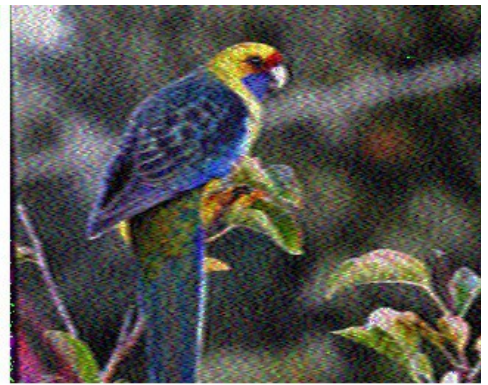

- Paul VK2AMT

Tonight on the digi net we had John VK2JWA, Chris VK2ACD, Bruce VK2RT, Dave VK2ZDR and Duncan VK2DLR logging in. A pretty good rollup. After our customary two rounds of personal news, all of us except John VK2JWA QSY'd to our normal frequency of 144.230 USB.

We started off on Fldigi with Thor 22 as the mode. The decode was very good, in spite of the signal strengths varying from S0 to S7. Chris had to leave early but was there for the first couple of rounds. We switched to MFSK64 for an attempt at image transmission but the signal from Bruce was too faint for an image to form. We tried MMSSTV next and that worked well. Martin 2 mode at first then Scottie DX, which took 269 seconds to transmit compared to 58 seconds for Martin 2. The advantage was a noticeable improvement in image quality, definitely worth the wait. Chris rejoined the net towards the end, enough time to send a couple of interesting images. Bruce's images were a bit snowy, as expected, but definitely easily recognisable.

Another excellent net, it was good to have a successful image transmission from Bruce, in spite of the distance. Thanks as always to everyone who logged in and participated.

NEW ITALY ENDURO CANCELLED - Chris VK2ACD

The horse endurance ride that was scheduled for next weekend has been cancelled, due to border closures and regional occurrences of the covid-19 virus. SARC was to assist with communications for the event and this would have been a new location for us.

Thanks to those who were preparing to go on this operation. There is an enduro in the planning stages, to take place in September in the Girard State Forest, west of Drake. If it goes ahead, SARC will be looking for members to take part. Stay tuned.

ABOUT THIS TIME in 1919 -Peter VK2PAH

During 1917, World war 1 had put a stop to amateur radio. In the United States, Congress ordered all amateur radio operators to cease operation and even dismantle their equipment. These restrictions were lifted after World War I ended, and the amateur radio service restarted on October 1, 1919.

6-DAY LISMORE WEATHER (FORECAST)

	Tue Jul 27	Wed Jul 28	Thu Jul 29	Fri Jul 30	Sat Jul 31	Sun Aug 1
