Tuesday-Net Report DIGITAL MODES - Paul VK2AMT

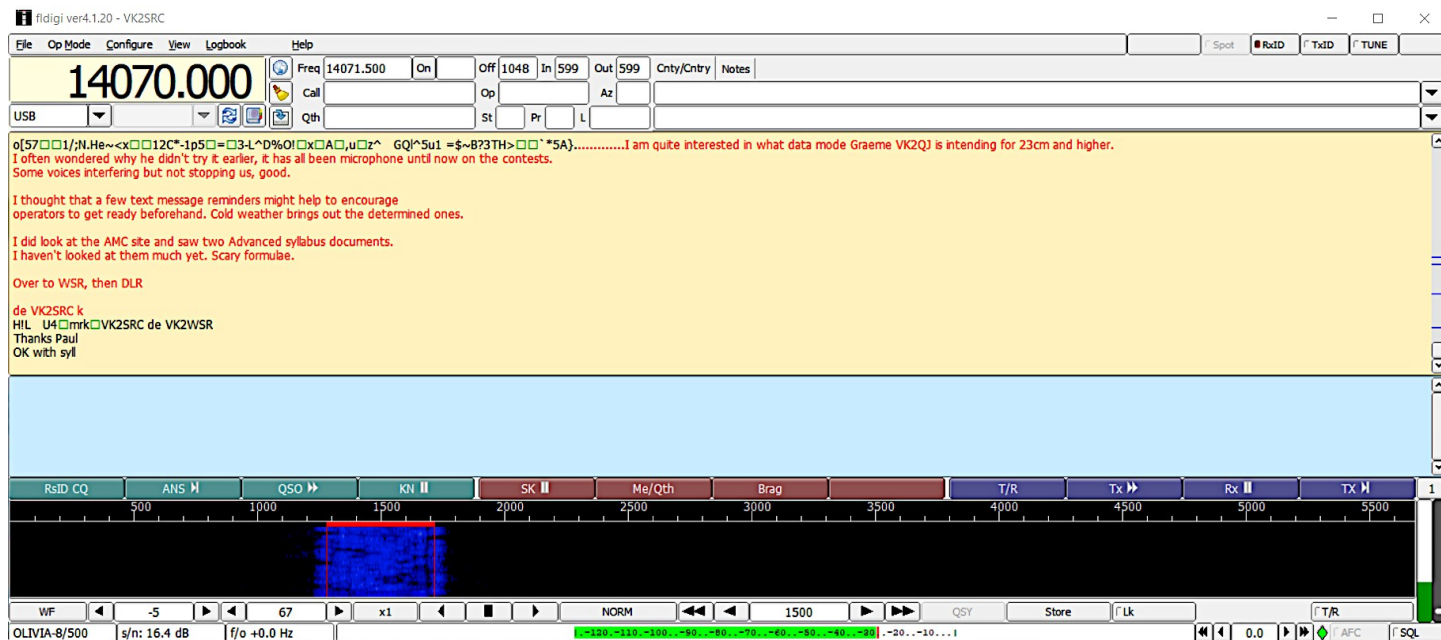

TUESDAY 14 JUNE, 2022

Tonight, joining Paul VK2AMT as VK2SRC were John VK2ZJJ, Duncan VK2DLR and Jeff VK2WSR. A pretty small group. We had our normal couple of rounds before Duncan and Jeff joined me on 80 metres again, 3.590 USB.

The band proved to be fairly quiet, the band noise at 7pm was S3 and increased to about S4 by 8.30 and stayed there. We used Fldigi and Olivia 8-500 once again. Jeff popped in after a couple of short overs. We have to remember that Jeff has to manipulate the controls of two programmes, Fldigi and the radio control software RC Forb Client. This band is quieter than 40 metres and has less traffic. There was a group above us but not interfering with decode.

The decode was fine, no problems and no dropouts. 80 metres offers the best ground wave propagation, and the stable weather patterns help keep noise down. This will not always be the case when storms are around, but at the moment it is excellent. Thanks as always to all who participated.

– Cheers from Paul VK2AMT (as VK2SRC)

VK2SRC will be braving the cold portable from Vista Point next weekend of 25th & 26th June for the Winter VHF UHF Field Day. We plan to set up Friday afternoon 24th & should be available for testing on all bands Friday Night with the rest Saturday morning.

The competition starts at 11.00 Saturday, finishing 11:00 Sunday, contacts can be made on each band & repeat contacts once every two hour. We plan to operate the following frequencies:

6m

50.150 - 50.200 USB and possible Digital (mode to be confirmed).
52.150 FM on request

2m

144.150 - 144.200 USB
146.500 - 146.550 FM

70cm

432.150 - 432.200 USB and possible Digital (mode to be confirmed).
439.000 - 439.050FM

23cm

1296.150-1296.200 USB and Digital Q65 testing.

13cm

2400.100 & 2403.100 - 2403.200 USB and Digital Q65 testing.

9cm

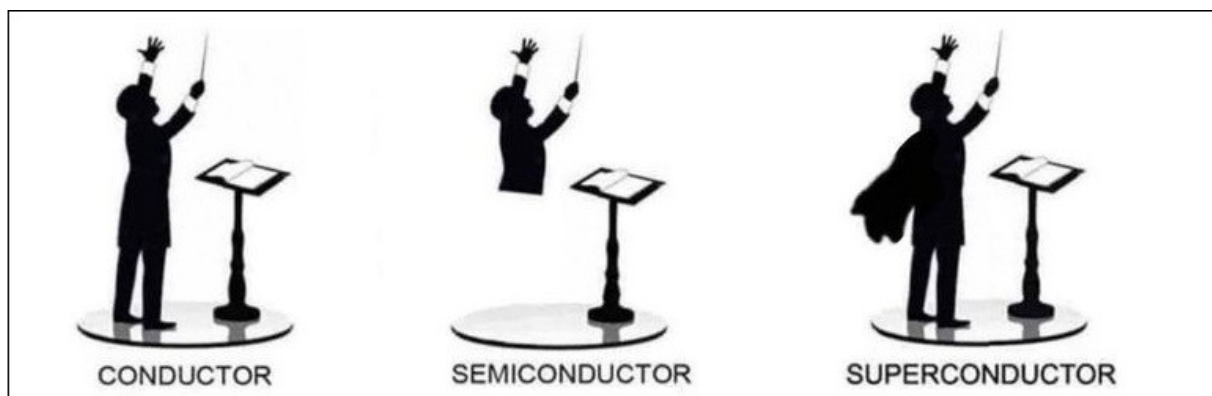

3398.100 - 3398.200 USB and Digital Q65 testing.

We hope to test digital modes on all bands except 2m.

If you can spare a little time give us a call & help make it a great event.

Cheers Graeme VK2QJ
