

## SARC RADIO NET NUMBERS/CHECK INS

**Weekly HF Dawn Patrol – 36** - For week ending Thur 07JUL2022.

**Monday – 5**

**Tuesday – 5**

**Wednesday – 4**

**Thursday-Tribander – 4** – 2 metres Woodburn.

- **3** – 6 metres Parrots Nest.

- **5** – 70cm Parrots Nest.

There was a report of some faint audio breakthrough from the 6 metre repeater being heard on the 70cm repeater. Very odd.

**Friday 80m Net – 6**

### A report on Ron's funeral.

- de Duncan VK2DLR

Farewell Ron Dowse VK2AJD.

SARC was well represented at the funeral for our member Ron Dowse VK2AJD. A large gathering of locals, business and sporting connections were in attendance. The numbers reflected Ron's good standing in a wide variety of fields within the Northern Rivers.

Ron, like his father Gordon (VK2AGE - SK) and 'little' brother Ross (VK2ARD) had a wealth of knowledge and practical skills in the electrical, mechanical and refrigeration fields. He was an original member of the self named "A Team" (VK2's AJD, ARD, ACD, AGC and ARS). The contribution of the A Team to the development of the very successful SARC style of amateur radio education is the stuff of legend. Ron's participation in earlier John Moyle field days rests warmly and gently in our memories.

### Tuesday-Net Report

### DIGITAL MODES

- Paul VK2AMT

TUESDAY 05 JULY, 2022

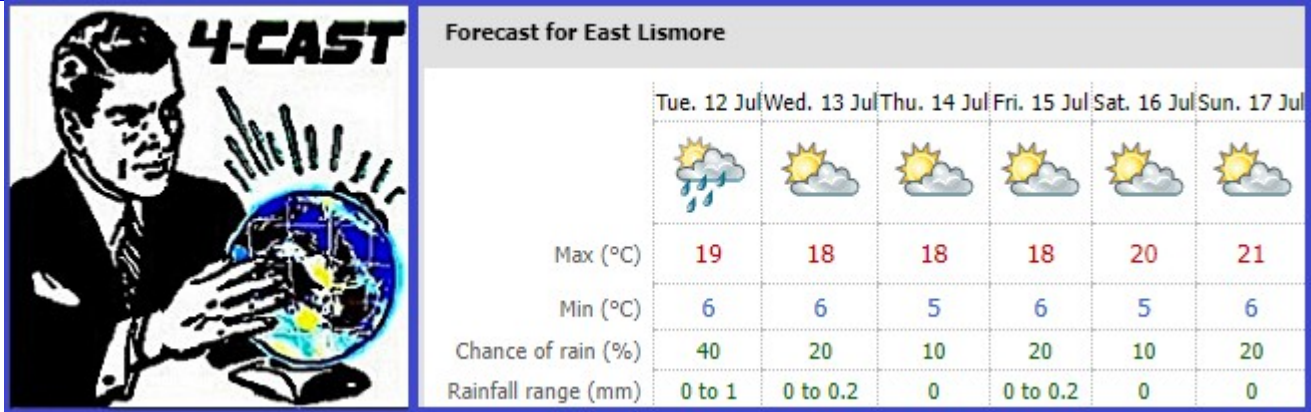

Tonight, joining Paul VK2AMT as VK2SRC, we had Duncan VK2DLR, John VK2ZJJ, Jeff VK2WSR and Dave VK2ZDR. We had our normal two rounds of chatter before we QSY'd to our frequency of 3.590 USB for another round of Fldigi.

We started off using the mode we used last week, Thor22. Jeff and Duncan were there on frequency and we started off. Dave VK2ZDR dropped in after a few overs. Thor22 is fine for fast touch typists but not for slow 2 fingered typists like most of us. This resulted in short overs. We switched over to Olivia 8-500, better for "conversation".

Another good net, I think that we all enjoyed the favourable conditions on 80 metres. Noise has been comfortably lower than everyone's signal strength, so decode has been excellent. Thanks to all who participated.

- Cheers from Paul VK2AMT (as VK2SRC)
