OCT 21<sup>st</sup> 0000 UTC - 22<sup>nd</sup> 2400 UTC

**VK QRP HOURS CONTEST**

OCT Sun 22<sup>nd</sup> on 40M

## Tuesday - Net Report

## DIGITAL MODES

- Paul VK2AMT

TUESDAY 03 OCTOBER, 2023

Here's another Diginet Report. No screenshot this week, I forgot!!

Logging in this week for the Diginet was: Barry VK2VBG, long time, no hear! Duncan VK2DLR and Jeff VK2WSR. We had our normal couple of rounds on Parrots Nest 2 metres. It was good to hear from Barry again. We then QSY'd to our normal frequency.

80 metres, 3.590 USB and Olivia 8-500. Still a winning combination. We have no intention of changing bands unless we need to. Jeff suffered a power cut around the district, so didn't appear on frequency for a while. Duncan's computer behaved oddly, changing to Olivia 4-1K. It settled down after a reboot. It was just the two of us for a while then Jeff reappeared when the juice was turned on again, just in time for a few overs a bit after 9.30pm.

The discussion ranged around QRP radios suitable for microwave bands, eg the Yaesu FT817 and transverters. The ones you get from SG Labs aren't that cheap when translated into \$AUS. Another good evening with excellent discussions as usual. Thanks once again to Duncan and Jeff for their excellent support.  
- Cheers from VK2AMT (as VK2SRC).

## Thursday Night Net Report

- de Duncan VK2LDR

Thursday night heard Paul VK2AMT, Jeff VK2WSR and Duncan VK2DLR appear on both the 2m Lismore repeater and the 2m Border Ranges repeater.

Three; the number associated with strength, Carpenters brace walls by making triangles. Admire the rigidity of the triangles in a light but sturdy bicycle frame.

Signals on both repeaters were excellent so the conversation drifted to tales of times past. We had all experienced cold, wet and windy campsites. We could look back on those experiences and recall the times and places where they happened. Great nostalgia but we all agreed that cold, wet and windy conditions are best experienced when looking out through a glass window from in a warm, dry, stable house.  
- de DLR

## Friday After Dark Net Report

- Dave VK2ZDR

I ran this weeks HF net. We had Z2DR as Controller then 2YHP, 2WSR, 2MBJ, 4TSA & 4FO Dave (new to the net). The question came up, "what fuel does the V8 supercars run"...?

Answer: BP E75... Thanks Shane 2HAZ

- Cheers VK2ZDR Dave the ZuluDoctor
